NOTICE: Phillips County now has two databases available for access.

Database Access 1: AR_Phillips_Orders (CourtStor/Ultima Access)
Phillips has records from 1820 through the third week in December 2017. This database is no longer being updated.

You are able to search using Name & Recording information. Legal & Address searches are not available for this county.

To perform a name search, you will need to use the following format:
LASTNAME, FIRSTNAME (This is the person's last name, a comma, a space, then the first name)
Example: SMITH, GENE

You can also search by name for a business. You do not use the comma or space.
Example: FIRST NATIONAL BANK

You can also use a "%" as a wildcard. For example, if you know the persons last name, and not sure about the first name.
Example: SMITH, G%
This search will give you results of anyone that has the last name of SMITH, and the first name starts with a "G".

Database Access 2: AR_PhillipsAPP_Orders (Apprentice Software Access)
PhillipsAPP has records from mid December 2017 to current. This database is updated around the 1st and the 15th of each month. Be sure to check the "Effective Date" when accessing.
